

March 17, 2020

Good Afternoon Garrison Families,

Our E-Learning officially launches tomorrow, Wednesday, March 18th, and we are ready and excited to begin this digital venture with all of you! Our teachers, teacher aides, office, support, and custodial staff have been working hard to ensure the building is cared for in the absence of our students while finalizing instructional resources.

A special thank you to our teacher aides who were a tremendous help in the school today. They helped gather materials, ready devices, and coordinate with teachers if any items were needed.

The E-Learning Plan has now been finalized and is attached for your reference. If you have any specific questions about this plan and its implementation, please reach out to me directly and I would be happy to discuss with you.

Over the next few days, we kindly ask for your continued flexibility and patience as we begin E-Learning. This is new learning for us all, and we ask that you keep our staff in mind who are navigating the challenge of meeting the instructional needs of your children while supporting the needs of their respective families.

Thank you for your kind support and we look forward to “seeing” all of you tomorrow!

Sincerely,

Alex
Principal
